Weekly Newsletter

Over the summer holidays, we knocked through the two classrooms so that Nursery and Reception classes could have access to all the areas of learning. We believe that we should celebrate the Early Years and that it should not be a mini school environment but rather a bridge between home and school. The Early Years staff have worked hard to create a home from home environment decorated in calming, neutral colours. We have also adopted the 'Curiosity Approach' which promotes awe and wonder within children and enhances their independence. Children play a huge part in their own learning as we build on their interests. If you would like to visit our Early Years Unit, please let us know.
